

Borough of Mount Arlington

June 2016

Re: Mandatory Water Meter Replacement Project

Dear Homeowner or Resident.

The Borough of Mount Arlington has contracted with Saks Metering to conduct an area-wide water meter upgrade project. Authorized installers from Saks Metering will be working in the community, with photo identification, car signs and company uniforms to perform this important project. Typically, the upgrade of your water meter should take no more than an hour to complete. You may experience a temporary water disruption.

This water meter upgrade is mandatory and is required for the Borough to meet NJDEP water supply regulations now and in the future.

Please make an appointment with Saks Metering prior to July 5th 2016. There are three ways you can accomplish this:

- 1. You may visit their website at www.SaksMetering.com and click on "Make an Appointment".**
- 2. You may email Saks Metering at info@saksmetering.com using the subject line "Mount Arlington Borough Meter Replacement".**
- 3. You may call their office at 732-730-5633 and set your appointment over the phone.**

Our contractor will make every effort to accommodate your schedule, and will expeditiously complete your meter upgrade.

Should you have any questions or concerns regarding this project, don't hesitate to contact the Mount Arlington Public Works Department at 973-398-4200 or Saks Metering at the provided contacts above. We also urge you to visit the contractor's website at www.SaksMetering.com to view a FAQ video that can provide answers to many questions you may have.

Sincerely,

Paul Nelson
Department of Public Works Supervisor
