Re: **Mandatory** Water Meter Replacement Program

Dear Homeowner or Resident:

The Borough of Freehold has contracted with Saks Metering to conduct an area-wide Water Meter Upgrade Project. Authorized installers from Saks Metering will be working in the Borough with photo identification, car signs, and company uniforms to perform this important project. Typically, the upgrade of your water meter should take no more than an hour to complete. You may experience a temporary water disruption.

This water meter upgrade is mandatory and is required in order for the Borough to meet the New Jersey Department of Environmental Protection water regulations now and in the future.

Please make an appointment with Saks Metering. There are three ways you can accomplish this:

1. You may visit their website at www.SaksMetering.com and click on "Make an Appointment."
2. You may email Saks Metering at info@saksmetering.com using the subject line "Freehold Borough Meter Replacement".
3. You may call their office at 732 730-5633 and set up your appointment over the phone.

Our contractor will make every effort to accommodate your schedule and will expeditiously complete your meter upgrade.

Should you have any questions or concerns regarding this project, do not hesitate to contact the Borough at 732 462-4200, or Saks Metering at the contacts provided above, at any time. We also urge you to visit the contractor's website at www.SaksMetering.com to view a FAQ video that can provide answers to many questions you may have.

We thank you in advance for your cooperation, and apologize for any inconvenience this upgrade may cause.

Sincerely,

Joseph B. Bellina
Business Administrator
